

Mikkeller

BAEREN

COOL-SHIP VIENNA LAGER

Japanese craft beer brewery BAEREN has collaborated with Mikkeller since 2021 brewing traditional Vienna lager with 120 year old brew kettle and coolship.

Our 2nd collaboration beer is brewed with fresh Aurum leaf hops imported directly from Germany to Japan by air. We use it for aroma hop and coolship dry hopping so you can feel the notes of fruity & floral aromas and spicy flavor.
